BEFORE THE WEST VIRGINIA REAL ESTATE
APPRAISER LICENSING AND CERTIFICATION BOARD

IN THE MATTER OF:

STANLEY MCQUADE
Licensed Residential Appraiser License No. LR0756

CONSENT DECREE

Now comes Respondent, Stanley McQuade, and the West Virginia Real Estate Appraiser Licensing and Certification Board (hereinafter "Board"), by Sharron L. Knotts, its Executive Director, for the purpose of resolving Board Complaint Number 09-018, against McQuade. As reflected in this Consent Decree, the parties have reached an agreement in which McQuade hereby agrees and stipulates to the Findings of Fact and Conclusions of Law set forth in the instant Consent Decree concerning the proper disposition of this matter, and the Board, having approved such agreement, does hereby find and Order as follows:

FINDINGS OF FACT

1. The Board is a state entity created by W. Va. Code § 30-38-1 et seq., and is empowered to regulate, among other things, the conduct of licensed residential appraisers.

2. McQuade is a state licensed residential real estate appraiser licensed by the Board, holding license number LR0756.

3. In March 2009, McQuade performed an appraisal of property located in Daniels, West Virginia (hereinafter "Property").

4. McQuade appraised the Property "as is."
5. McQuade stated on the appraisal that the highest and best use of the Property was residential.

6. The Property was located on approximately 87.45 acres.

7. The Property included a newly built residential home, two barns, a two car detached garage, and a 50' by 100' horse riding ring.

8. The Property additionally included an old residential home.

9. In the appraisal report, McQuade acknowledged that the appraisal assignment constituted a “complex assignment.”

10. In the appraisal report, McQuade treated “the majority of the subject’s land ... as excess land ...”

11. In appraising the Property, McQuade developed both the market and cost approaches.

12. As of March 2009, McQuade appraised the value of the Property at $510,600.

13. In such appraisal, Respondent committed certain errors, and performed a flawed analysis relating to the property, the comparable properties, and the appraisal.

14. Assignments of error included, but are not necessarily limited to, the following:

   a. Given that McQuade appraised the Property as if the old residential home did not exist on the Property, McQuade failed to properly utilize a hypothetical condition within the appraisal;

   b. McQuade failed to provide adequate support for the value attributed to the excess land;
c. McQuade failed to provide support for the $28,500 value opinion for the home site;

d. McQuade erroneously failed to assign value, contributory or otherwise, to the two barns and riding ring within the sales approach, explaining within the report that the value of the same "cannot be determined in the Sales Approach from lack of data in the market of the subject;"

e. Within the sales approach of the appraisal of the Property, McQuade appraised the Property as if the barns and riding ring did not exist;

f. In regard to the barns and the riding ring, McQuade did not utilize any hypothetical conditions that would otherwise explain McQuade's failure to consider the same within the sales approach;

g. Within the appraisal, McQuade did not perform any adjustments relating to the comparables utilized in regard to the barns and riding ring; and

h. Within the appraisal, McQuade inadequately considered and failed to properly develop an opinion relating to the excess land of the Property.

15. Given the complex nature of the appraisal, and McQuade's license designation, McQuade appraised a property that was outside of the scope of his licensure.

16. McQuade failed to take all steps necessary or appropriate to complete the assignment competently.

17. As a result, the conclusions arrived at by McQuade within the appraisal are inaccurate and/or not supportable.

14. Pursuant to the Uniform Standards of Professional Appraisal Practice, Standards Rule 1-1(c), "[i]n developing a real property appraisal, an appraiser must . . . not render appraisal services in a careless or negligent manner, such as by making a series of errors that, although individually might not significantly affect the results of an appraisal, in the aggregate affect the credibility of those results."

2. McQuade shall maintain and submit to the Board a monthly log of all appraisals performed by McQuade during the term of probation. The Board shall have the right to request one work file per month at random during the term of probation. If after reviewing such files the Board determines there is probable cause to pursue further action, nothing herein shall be construed to preclude the Board from doing so. At the end of the probationary period, McQuade shall submit to an informal interview before the Standards...
Committee to discuss any appraisal quality or USPAP conformity issues, if any, relating to the reports submitted by McQuade to the Board during McQuade’s probationary period.

3. McQuade shall be prohibited from performing any real estate appraisal, other than the appraisal of single-family, non-complex properties, either directly or indirectly, where such prohibition additionally includes the performance of any review of any appraisal, until such time McQuade successfully complies with Order Paragraph No. 4 as set forth herein.

4. McQuade shall successfully pass, complete, and provide to the Board all proper documentation reflecting the same, a minimum fifteen (15) hour course, with examination, approved by the Board relating to the Uniform Standards of Professional Appraisal Practice, and a minimum twenty (20) hour course, with examination, approved by the Board relating to mastering unique and complex property appraising. The Board shall immediately notify McQuade via certified mail of the specific nature of the charges, and the suspension of McQuade’s license. McQuade may request reinstatement of his license through renewal of this agreement, or execution of a new agreement, which may contain different or additional terms.
